C O N T E N T S		Pp.
HUGO ROSMAN, On Some New Reciprocity Relations in the Electro-magnetic Field (English, Romanian summary)		9
CARMEN GRIGORAȘ and VICTOR GRIGORAȘ, PVC Arrhythmia Identification Using Nonlinear Synchronization (English, Romanian summary)		15
FELIX DIACONU, Improved Nyquist Pulses Performance Investigation (English, Romanian summary)		23
HUGO ROSMAN, Current Transfer Coefficient of a Linear Two-Port with Nonlinear Inertial Receiver (English, Romanian summary)		29
HALA J. EL-KHOZONDAR, AYMAN ALQOQA and HATEM ELAYDI, New Approach for PLL Loop Filter Design Using Linear Programming and Semi-Definite Programming (English, Romanian summary)		35
C. ANDRIESEI, Impedance Matching Techniques for CMOS Low Noise Amplifiers (English, Romanian summary)		49
MARIUS HĂGAN, System for Measurement and Analysis of Tremor Using Force and Accelerometric Sensors (English, Romanian summary)		57
MANUELA MOCANU, PAUL-MIHAI PUȘCAȘU, GABRIEL BONTEANU and LIVIU GORAȘ, Describing Function Analysis of an <i>LC</i> Oscillator Structure (English, Romanian summary)		67

PETRUȚ DUMA, Transmitting and Receiving Digital Commands through Telephone Network Using Dual Tone Multi-Frequency Signals (II) (English, Romanian summary)	77
ALEXANDRU SOTIR, ALINA BALAGIU, IONUȚ DATCU, ALEXANDRU BACIU and EROS PATROI, A Physical Electric Model of the Human Body Exposed to the Action of the Electromagnetic Environment Aboard a Navy Ship (English, Romanian summary)	87
PAUL BICLEANU, OANA COSTEA-BENIUGĂ and ANA-MARIA NICUȚĂ, Electrostatic Discharge Phenomenon Represented by the Mathematical and Electronic Modelling of Human Body Model (English, Romanian summary)	97
ANA-MARIA NICUȚĂ, OANA COSTEA-BENIUGĂ and LILIANA BĂRGAN, The Application of the Transmission Line Pulsing Technique on a Full Adder CMOS Structure (English, Romanian summary)	105
ALEXANDRU SOTIR, JEAN CHILO, IONUȚ DATCU et ALEXANDRU BACIU, Modèle phénoménologique statistique pour la prédiction de la susceptibilité des ordinateurs (French, Romanian summary)	113
GHEORGHE GEORGESCU and BOGDAN NEAGU, Aspects Regarding the Power Quality in Electric Energy Repartition and Distribution Systems (English, Romanian summary)	125
